

# Summertime **SAFETY** Tips for Kids

## **1 Know Your Numbers**

Memorize your full address, phone number and your parent's work and cell phone numbers. Know when and how to dial 911.

## **2 Get Permission**

Before you go anywhere, get your parent's permission first and then let them know which route you are taking.

## **3 Go with Friends**

When you go places this summer, travel with friends when possible. You'll have a good time, and can look out for each other.

## **4 Never Talk to Strangers**

Never talk to strangers. Don't accept rides or gifts from them. If a stranger asks you a question, don't talk to them. Run away.

## **5 Stay on Guard**

Stand with confidence and be aware of your surroundings. If you see anyone doing something that makes you uneasy, tell your parents or a trusted adult.

## **6 Stay Safe on the Internet**

People on the web may not be who they say they are. Never give out your name, address or any other personal information.

## **7 Don't Tell Anyone You're Home Alone**

When you're by yourself, keep the doors locked. If someone calls on the phone, or comes to the door, don't let them know that you're home alone.
